☐ ferreirafabio

Person

Place of birth Calw, Germany

Citizenship German, Portuguese

Date of birth April 17, 1990

Education

11/18–06/19 **Visiting Student Researcher**, Interactive Perception and Robot Learning Lab, Stanford Al Lab, Stanford University.

Master's thesis research

10/16–10/19 **M. Sc. in Computer Science**, *Karlsruhe Institute of Technology, GPA: 3.8.* Machine Learning, Robotics

2013-2016 **B. Sc. in Computer Science**, Karlsruhe University of Applied Sciences, GPA: 3.8, with distinction (graduated among top 5%).

Software Engineering and Computer Vision

2010-2012 **State-Certified Technical Engineer**, Advanced training, Gottlieb—Daimler—Schule 2 — Fachschule für Technik, GPA: 3.9 (graduated best in class). Electrical Engineering, Computer Science

2006-2009 **IT** systems engineer, *Apprenticeship, Deutsche Telekom AG*. Telecommunications, Information Processing

Publications

Journals

- [1] L. Shao, **F. Ferreira***, M. Jorda*, V. Nambiar*, J. Luo, E. Solowjow, J. A. Ojea, O. Khatib, and J. Bohg. UniGrasp: Learning a Unified Model to Grasp with N-Fingered Robotic Hands. *IEEE Robotics and Automation Letters and ICRA*, 2020.
- [2] **F. Ferreira***, J Rothfuss*, Eren. E. Aksoy, Y. Zhou, and T Asfour. Deep Episodic Memory: Encoding, Recalling, and Predicting Episodic Experiences for Robot Action Execution. *IEEE Robotics and Automation Letters and IROS*, 4(3):4007–4014, 2018.

Conferences

- [3] **F. Ferreira**, L. Shao, T. Asfour, and J. Bohg. Learning Visual Dynamics Models of Rigid Objects using Rrelational Inductive Biases. In *Proceedings of the 33rd Conference on Neural Information Processing Systems (NeurIPS 2019) within the Graph Representation Learning Workshop.*
- [4] M. Ulrich, S. Walther, J. Rothfuss, and **F. Ferreira**. Forward Looking P. In *Proceedings of the 8th OptionMetrics Research Conference (ORC2019)*, 2019.
- [5] S. Ottenhaus, D. Renninghoff, R. Grimm, F. Ferreira, and T. Asfour. Visuo-Haptic

Grasping of Unknown Objects based on Gaussian Process Implicit Surfaces and Deep Learning. In *Proceedings of 2019 IEEE-RAS International Conference on Humanoid Robots (Humanoids)*.

Technical Reports & Pre-prints

- [6] J. Rothfuss, **F. Ferreira**, S. Boehm, S. Walther, M. Ulrich, T. Asfour, and A. Krause. Noise Regularization for Conditional Density Estimation. submitted to ICLR 2020.
- [7] **F. Ferreira***, J. Rothfuss*, S. Walther, and M. Ulrich. Conditional Density Estimation with Neural Networks: Best Practices and Benchmarks. 2019.
- [8] **F. Ferreira***, J. Rothfuss*, E. E. Aksoy, Y. Zhou, and T. Asfour. Introducing the Simulated Flying Shapes and Simulated Planar Manipulator Datasets. 2018.

Theses

- [9] F. Ferreira, T. Asfour, and J. Bohg. Learning Dynamic Models of Rigid Objects from Image Input using Relational Inductive Biases. Master's thesis, Stanford University, Computer Science Department, Stanford Artificial Intelligence Lab, Interactive Perception and Robot Learning Lab, 2019.
- [10] **F. Ferreira**, M. Klar, N. Link, and A. Laubenheimer. Optimal convolutional neural network architectures for defect classification in images. Bachelor's thesis, Robert Bosch Research Department, Renningen, undisclosed due to NDA until 2021, 2016.

Scholarships

- 12/18–05/19 **e-fellows Computer Science Scholarship**, Financial and mentorial sponsorship received by TRUMPF Group.
- 10/18–03/19 **Baden-Württemberg-Stiftung**, interACT student research grant in the amount of 5,400\$ to support my master thesis conducted at Stanford AI Lab..
- 10/18–03/19 **German Academic Scholarship Foundation**, Student research grant in the amount of 6,200\$ to support my master thesis conducted at Stanford Al Lab..
- 12/17–05/18 **e-fellows Computer Science Scholarship**, Financial and mentorial sponsorship received by Cappemini SE.
 - 2015–2019 **German Academic Scholarship Foundation**, Admission in November 2015, suggested by the university for exceptional student performances.

Work Experience

05/18–08/18 **Visiting Lecturer**, Baden-Wuerrtemberg Cooperative State University (DHBW Karlsruhe), Karlsruhe.

Designed and taught a machine learning introductory course for business information system degree students with a fellow student

- Link https://github.com/ferreirafabio/intro_to_ml_dhbw
- $10/17-10/18 \quad \textbf{Research Assistant}, \ \textit{High Performance Humanoid Technologies Lab}, \ \textit{Karlsruhe Institute of Technology}.$

Research in deep learning for robotic perception and cognition, advice of staff in deep learning and TensorFlow-related questions

2020-present **Machine Learning Consultant**, AKKA GmbH & Co. KGaA. Machine learning counseling

- 2013–2019 **Working Student**, *AKKA GmbH & Co. KGaA*. Software development and machine learning counseling
- 2012–2013 **Software Developer**, *MBtech Group GmbH & Co. KGaA*. Software development in exhaust aftertreatment for Daimler AG with Matlab and Simulink
- 2010–2010 **Network Administrator**, *Sparkassen-IT GmbH & Co. KG*. Configuration of Cisco Systems network devices, Linux server administration

Other Achievements

- 09/2017 **HackX 2017 Hackathon**, *Cologne*, *Germany*, *Microsoft Headquarters*, Tree-based representation of news articles based on Microsoft Azure Cognitive Services Prototype created during the hackathon (sponsors: Microsoft, Handelsblatt, FlowFact), awarded for the best innovation and best pitch, https://www.hackathon.com/event/hackx—artificial-intelligence-hackathon-2017-36159341564.
- 03/2017 **StartHack 2017 Hackathon**, *St. Gallen*, *Switzerland*, *University of St. Gallen*, Participated in an Al challenge by Deutsche Bank at the StartHack Hackathon which was held in St. Gallen. Our team implemented a coupon recommendation prototype based on bank account expenses. The application recommends vouchers based on your bank account expenses and current location, so that when purchases are detected on the credit card, a suitable voucher will be provided the next time the customer logs into his Deutsche Bank account, https://starthack2017.devpost.com.
- 11/2016 **Speaker at the Deep Learning Student Talk**, *Karlsruhe University of Applied Sciences*, Both Prof. Link and Prof. Laubenheimer invited me as a speaker (along with two other alumni) to the first Deep Learning Student Talk with approximately 50 attendees. During the 60 minute presentation, I gave an introduction to the basics of Deep Learning and provided insights into my bachelor thesis results, https://ferreirafabio.github.io/data/posterdl.pdf.

Software Language Skills

Language	Level	Experience
Python	professional	4 years
Java	practitioner	2.5 years
Matlab	practitioner	2.5 years
C/C++	experienced beginner	2.5 years
SQL	beginner	1 year

Software and Machine Learning Skills

Frameworks/ Packages/ Platforms

Frameworks/ TensorFlow, Caffe, OpenCV, numpy, pandas, sklearn, AWS, Microsoft Azure

Testing Unittests, CI, statistical and functional testing

Languages

German Native speaker

Portuguese Native speaker

English IELTS level 7.5

Spanish Beginner

Interests

Reading Besides working and studying, I use a considerable amount of my available time for reading books.

Sports I play volleyball in a society and enjoy hiking in the alps and Black Forest region.

Politics I am Interested in both national and international politics and enjoy political discussions at the German Academic Scholarship Foundation.
